A Prayer for Life from Anglicans for Life

*Thank you, Lord God for creating every human being in Your image. Help us see life as a gift from You, sacred and worthy of love, protection, and respect. As our country prepares for a change in the abortion laws, prepare the hearts of people to provide support, encouragement, and practical help to the mothers facing unplanned pregnancies, who feel alone and unsure how they will manage. Comfort all those who have had abortions these past 50 years, assure them that their children are in heaven with You, and as they seek Your forgiveness, You forgive them. We also pray for those who are angry about the law changing, help them recognize that it is more important to protect unborn babies than to protect the ‘right’ to kill through abortion. As states consider abortion laws, inspire legislation that protects the unborn, and deny passage of laws that extend killing babies through birth. Help us as a country to welcome our unborn brothers and sisters so they can fulfill the purposes You created them for. We pray all this in Jesus mighty Name, Amen.*
